2016 Panofsky Fellowship at the SLAC National Accelerator Laboratory (SLAC)
Call for applications
Deadline November 15, 2015

The Panofsky Fellowship honors SLAC National Accelerator Laboratory’s founder and first Director, Wolfgang K. H. Panofsky. It is intended to recognize exceptional and promising young scientists who would most benefit from the unique opportunity to conduct their research at SLAC National Accelerator Laboratory. While the scientific direction of the candidates is expected to have some overlap with existing programs, an emphasis will also be placed on the potential for innovation and growth of new opportunities as their career develops. The intent is to foster the creativity and high achievement to which W.K.H. Panofsky devoted himself both as a researcher and as a visionary leader in enabling fundamental science research. The fellowship carries a five-year term, with salary and benefits comparable to an Assistant Professorship at SLAC National Accelerator Laboratory.

Applicants should provide a CV and a vision statement for their proposed research at SLAC, along with arranging for three supporting reference letters. Please submit application materials in AcademicJobsOnline (https://academicjobsonline.org/ajo/jobs/6293). Fellowship appointments are awarded by the SLAC Director following a lab-wide selection process. Candidates should be early in their career but have demonstrated experience at the postdoctoral level and be widely recognized as having potential for exceptional scholarship, breadth, innovation, and leadership. The appointment carries a five-year term at SLAC National Accelerator Laboratory, with salary and benefits commensurate with the experience of the candidate and generous research support including funding for a postdoctoral researcher. The deadline for the 2016 applications is November 15, 2015.

For further information, please consult http://www2.slac.stanford.edu/panofsky_fellow/ or contact Amy Rutherford (amyr@slac.stanford.edu). SLAC National Accelerator Laboratory is an equal opportunity employer and welcomes nominations of women and minority group members.
